## Learning Check

1. Observe the pictures and find the answer.

[ ] – [ ] = [ ]

2. Subtract and write.

$$\begin{array}{r} 7 \\ -\ 4 \\ \hline \quad \end{array}$$

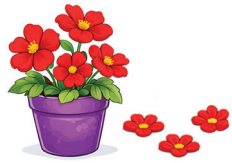

3. Complete the subtraction fact.

9 – [ ] = 2

4. If 2  of the 5  you had, have flown away, how many  are left?

[ ] – [ ] = [ ]

5. Create and say your own subtraction problem from the given picture.

## What I learnt

| | | | |
|---|---|---|---|
| Subtract numbers | 8 – 2 = [ ] |  |  |
| Complete subtraction facts | 9 – [ ] = 2 |  |  |
| Solve simple story problems | There are 5  on the plate. If 1  is taken away. How many  will be left? |  |  |
