# Preface

The Environmental Science textbook has been developed in alignment with the Tamil Nadu State Education Policy (TNSEP) 2025, with a focus on child-centred, experiential and inquiry-based learning.

## Key features that build Scientific Temper

**Observe and Discuss**
Builds observation, questioning, comparison and expression skills by discussing pictures and real-life situations.

**Do and Learn**
Promotes exploration, creativity, cognitive skills, measurement and recording skills through simple hands-on activities.

**Do and Observe**
Encourages prediction, observation, reasoning and drawing conclusions through simple experiments.

**Activity Time**
Promotes exploration, coordination and expression through play-based and group activities.

The Term II textbook is designed as two units that follow a progressive learning approach.

### 1. Our Green Friends

- Identifies places where plants grow.
- Observes plant parts and their functions.
- Compares plants based on observable features.
- Recognises edible plant parts.
- Develops care and responsibility towards plants.

### 2. Genie's Garden

- Explores vegetables, greens and common fruits.
- Classifies vegetables and fruits based on observable features.
- Identifies seasonal fruits.
- Distinguishes vegetables as eaten raw or cooked.
- Practices safe and hygienic food habits.
- Makes healthy food choices.

## Assessment and Progress Support

**Learning Check**
Assesses children's understanding through simple observation-based and activity-based questions and helps identify learning progress and areas that need support.

**What I Learnt**
Helps children recall and reflect on key concepts learnt and supports revision and reinforcement of learning.

**I Can Do**
Provides opportunities to apply learning through simple oral and written tasks, projects and real-life activities, promoting confidence and independent learning.

This Environmental Science textbook promotes joyful and meaningful learning and helps children connect science to their everyday life. It supports the overall development of children by building values and skills, and encourages them to become curious and responsible individuals.
