Preface

The Environmental Science textbook has been developed in alignment with the Tamil Nadu State Education Policy (TNSEP) 2025, with a focus on child-centred, experiential and inquiry-based learning.

Key features that build Scientific Temper

Observe and Discuss
Builds observation, questioning, comparison and expression skills by discussing pictures and real-life situations.

Do and Learn
Promotes exploration, creativity, cognitive skills, measurement and recording skills through simple hands-on activities.

Do and Observe
Encourages prediction, observation, reasoning and drawing conclusions through simple experiments.

Activity Time
Promotes exploration, coordination and expression through play-based and group activities.

The Term I textbook is designed as two units that follow a progressive learning approach.

1. About Me

- Learns about family, school, daily habits and helping at home and school.
- Understands body parts and their use in movements.
- Practises self-care and hygiene routines.

2. Around Me

- Understands sunlight, air and water as nature's gifts, their uses, day and night rhythms and the importance of saving water.
- Learns about animals around them, their homes, food, movements and caring for animals.

Salient Features of the Textbook

Real-life Relevance

- Context-Based Learning
- Connected to day-to-day life experiences
- Environmental and social awareness

21st Century Skills

- Focus on critical thinking, creativity, collaboration, communication and problem-solving skills.

Holistic Development

- Emphasis on values, life skills, social skills and emotional development.
- Development of fine and gross motor skills through activities.

Learning Support

- Use of simple and age-appropriate language.
- Textbook integrated with workbook.
- Teacher's Handbook
- Digital resources and ICT tools

Assessment and Progress Support

Learning Check
Assesses children's understanding through simple observation-based and activity-based questions and helps identify learning progress and areas that need support.

What I Learnt
Helps children recall and reflect on key concepts learnt and supports revision and reinforcement of learning.

I Can Do
Provides opportunities to apply learning through simple oral and written tasks, projects and real-life activities, promoting confidence and independent learning.

This Environmental Science textbook promotes joyful and meaningful learning and helps children connect science to their everyday life. It supports the overall development of children by building values and skills, and encourages them to become curious and responsible individuals.
