3. Make a Pookolam in your class.

1 Look

Look at the flowers.

2 Group

Keep the same flowers together.

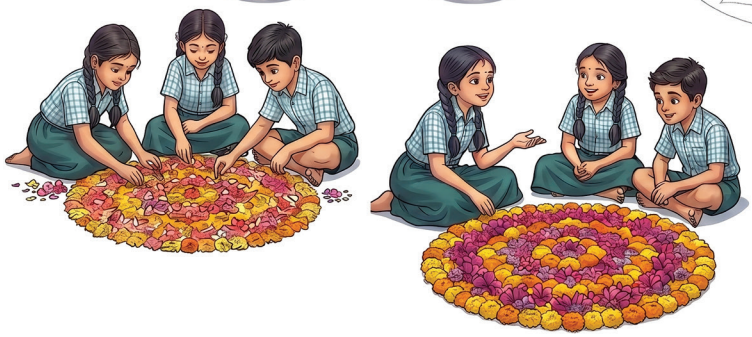

3 Decide

Choose where each flower will go.

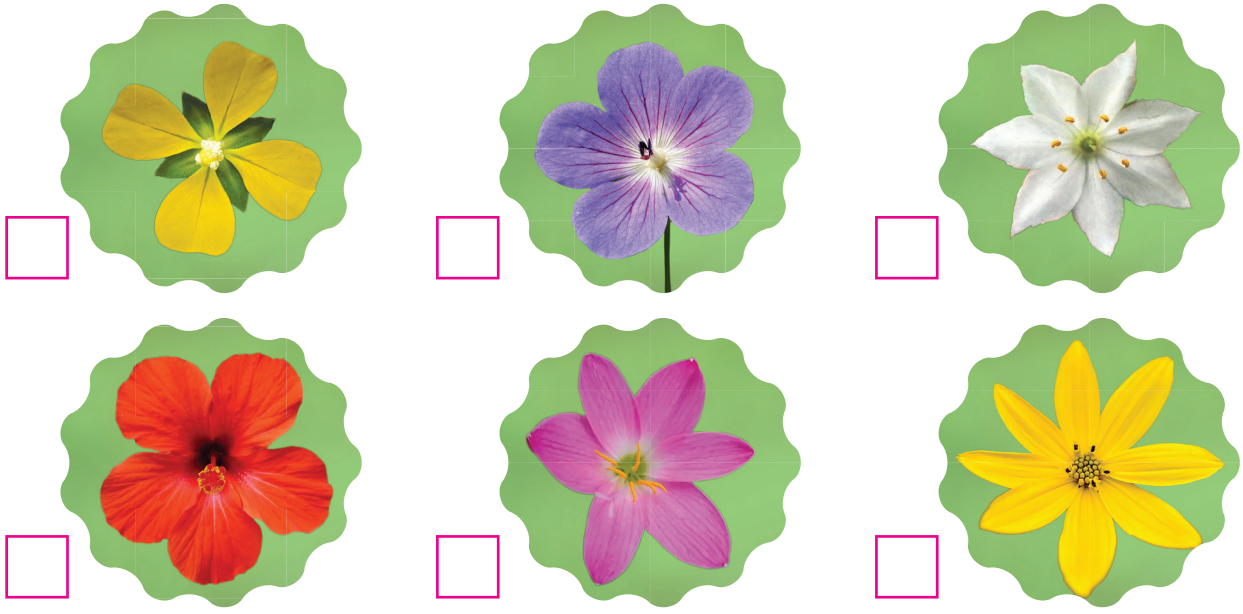

4 Create

Make a beautiful Pookolam together.

Show it and share one thing about it.

4. Count and write the number of petals.

a. Do all flowers have the same number of petals? Yes ☐ No ☐

b. Compare your answers with your friend.

Different flowers have different number of petals.

THB Bring different flowers to the classroom. Ask each child to count the petals and compare it with their friend's answers.
