Plants as Food

TH2AX

Observe and Discuss

Can we make a meal using different parts of a plant?

Under the ground		Above the ground					
							
Carrot	Potato	Coriander Leaves	Curry Leaves	Cabbage	Banana flower	Cauliflower	Tomato

Some vegetables grow under the ground and some above the ground.

Do and Learn

1. Draw one vegetable that grows under the ground and one that grows above the ground. Name it.

Under the ground	Above the ground

Observe your plate. How many items come from plants?

_____
